### Keil 8051 Development Tools for Classic & Extended 8051 Devices

Part No.	Description	Price (€)
<b>PK51</b>	<b>C51 Professional Developer's Kit</b> (CA51 + µVision Simulator and Target Debugger + LX51 Code Packing Linker with Extended Device Support, In-System Debugging with ISD51 and Flash Monitor + RTX51 Tiny Real-Time Kernel, ULINK Driver for ST µPSD, Infineon XC800, and NXP P89LPC95x + Driver for ADuC83x/84x)	2,600.00
<b>CA51</b>	<b>C51 Compiler/Assembler Kit</b> (A51 Assembler + C51 Compiler + 8051 Utilities + µVision IDE)	1,600.00
<b>MCBx51</b>	<b>8051/251 Evaluation Board</b> (Includes 2K-limited tools for 8051/251)	300.00

### LPC Development Kits for NXP (founded by Philips) 89LPC9xx Devices

Part No.	Description	Price (€)
<b>MCB900</b>	<b>Evaluation Board for NXP LPC90x/91x/92x/93x</b> (Includes LPC900 Studio with 4K-limited Compiler/Assembler/Debugger/Simulator)	60.00
<b>EPM900</b>	<b>Emulator/Programmer for NXP LPC90x/91x/92x/93x</b> (Includes LPC900 Studio with 4K-limited Compiler/Assembler/Debugger/Simulator)	200.00
<b>MCB950</b>	<b>Evaluation Board for NXP LPC95x</b>	100.00

### Keil C166 Development Tools for XC166, XE166 & XC2000 Devices

Part No.	Description	Price (€)
<b>PK166</b>	<b>C166 Professional Developer's Kit</b> (CA166 + µVision Simulator and Target Debugger)	3,300.00
<b>CA166</b>	<b>C166 Compiler/Assembler Kit</b> (C166 Compiler + EC++ Compiler + Run-Time Libraries + 166 Utilities + µVision IDE + RTX166 Tiny Real-Time Kernel)	2,200.00
<b>AR166</b>	<b>Advanced RTX166</b> (Real-Time Operating System for XC166, XE166 and Xc2000, Includes Flash File System and TCP/IP Networking Support)	3,400.00

### ULINK2 USB Debug Adapter

Part No.	Description	Price (€)
<b>ULINK2</b>	<b>USB Debug Adapter</b> (Supports Debugging/Flash Programming via JTAG, OCDS, and 2-wire debug interface)	300.00

### Keil 251 Development Tools for Atmel, Intel, and 251 IP Cores

Part No.	Description	Price (€)
<b>DK251</b>	<b>C251 Developer's Kit</b> (CA251 + µVision Simulator and Target Debugger)	2,400.00
<b>CA251</b>	<b>C251 Compiler Kit</b> (A251 Assembler + C251 Compiler + 251 Utilities + µVision IDE)	1,500.00
<b>MCBx51</b>	<b>8051/251 Single-Board Computer</b> (Includes 2K-limited tools for 8051/251 with Compiler/Assembler/Debugger/Simulator and Monitor)	300.00

### Helpful Time-Saving Products

Part No.	Description	Price (€)
<b>PC-Lint V9</b>	<b>PC-Lint Syntax Checker</b> (Validates C source code including enhanced	300.00

Prices refer to **Single User** (Node locked) Licenses. **Floating Licenses** and **Time-Limited** Licenses are available, please contact Keil for information.

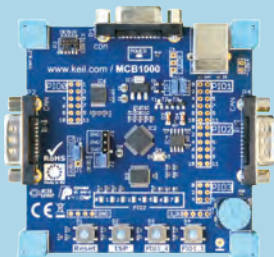

Software packages are shipped with download instructions. Delivery as PDF-Certificate is available on request.

For Update, Upgrade, and Crossgrade prices, please contact Keil (your PSN will be required).

## Keil Development Tools for ARM® and Cortex™ Microcontrollers

Part No.	Description	Price (€)
<b>MDK-Pro</b>	<b>MDK-ARM Microcontroller Development Kit - Professional Edition</b> (C/C++ Compiler + µVision IDE/Debugger + RTX RTOS source code, + middleware libraries: TCP networking, USB device and Host, Flash File System, and CAN) <b>Special Offer! MDK-Professional includes a FREE ULINKpro. Offer ends 30th September, 2011</b>	7,450.00
<b>MDK-Standard</b>	<b>MDK-ARM Microcontroller Development Kit - Standard Edition</b> (C/C++ Compiler + µVision IDE/Debugger + RTX source code)	3,950.00
<b>MDK-Basic</b>	<b>MDK-ARM Microcontroller Development Kit - Basic Edition</b> (256K C/C++ Compiler + µVision IDE/Debugger + RTX source code)	1,950.00

## Keil Evaluation Boards

Part No.	Description	Price (€)
<b>MCB1114</b>	<b>Evaluation Board for NXP LPC1114</b> (Cortex-M0)	140.00
<b>MCB11C14</b>	<b>Evaluation Board for NXP LPC11C14</b> (Cortex-M0)	140.00
<b>MCB1200</b>	<b>Evaluation Board for NXP LPC1200</b> (Cortex-M0)	140.00
<b>MCB1343</b>	<b>Evaluation Board for NXP LPC1343</b> (Cortex-M3)	140.00
<b>MCB17xx</b>	<b>Evaluation Board for NXP LPC175x and LPC176x series</b> (Cortex-M3)	250.00
<b>MCB1800</b>	<b>Evaluation Board for NXP LPC1800 series</b> (Cortex-M3) <b>NEW! Available Q3, 2011</b>	260.00
<b>MCB2140</b>	<b>Evaluation Board for NXP LPC214x series</b> (ARM7TDMI)	170.00
<b>MCB23xx</b>	<b>Evaluation Board for NXP LPC2378 &amp; LPC2388</b> (ARM7TDMI)	200.00
<b>MCB24xx</b>	<b>Evaluation Board for NXP LPC2460 &amp; LPC2470 series</b> (ARM7TDMI)	295.00
<b>MCB2929</b>	<b>Evaluation Board for NXP LPC292x series</b> (ARM968E-S)	240.00
<b>MCB4300</b>	<b>Evaluation Board for NXP LPC4300 series</b> (Cortex-M4) <b>NEW! Available Q4, 2011</b>	260.00
<b>MCB9B500</b>	<b>Evaluation Board for Fujitsu MB9BF506 series</b> (Cortex-M3)	75.00
<b>MCBNUC1xx</b>	<b>Evaluation Board for Nuvoton NUC1xx series</b> (Cortex-M0)	60.00
<b>MCBSTM32</b>	<b>Evaluation Board for STMicroelectronics STM32 series</b> (Cortex-M3)	170.00
<b>MCBSTM32C</b>	<b>Evaluation Board for STMicroelectronics STM32F107VC</b> (Cortex-M3)	250.00
<b>MCBSTM32EXL</b>	<b>Evaluation Board for STMicroelectronics STM32F103ZE/ZG</b> (Cortex-M3)	220.00
<b>MCBSTR9</b>	<b>Evaluation Board for STMicroelectronics STR91x series</b> (ARM966E-S)	200.00
<b>MCBTMPM36x</b>	<b>Evaluation Board for Toshiba TMPM360 &amp; TMPM362 series</b> (Cortex-M3)	65.00
<b>MCBTMPM364</b>	<b>Evaluation Board for Toshiba TMPM364 device</b> (Cortex-M3)	80.00
<b>MCBTMPM395</b>	<b>Evaluation Board for Toshiba TMPM395 device</b> (Cortex-M3)	95.00
<b>MCBTMS570</b>	<b>Development Kit for Texas Instruments TMS570 series</b> (Cortex-R4) with JLINK-Lite	700.00

Most Evaluation Boards are also available as Starter Kits, which include a ULINK-ME Debug Adapter for €50 extra or a ULINK2 Debug Adapter for €200 extra.

## ULINK Debug Adapters for Microcontrollers

Part No.	Description	Price (€)
<b>ULINKpro</b>	<b>High-Speed Debug and Trace Unit</b> (Debugging/Flash Programming via JTAG/SWD, SWV Serial-Wire Viewer + Cortex-M ETM Instruction Trace)	1,000.00
<b>ULINK2</b>	<b>USB DEBUG</b> (Debugging/Flash Programming via JTAG/SWD and SWV Serial-Wire Viewer)	300.00
<b>ISO-ADPT</b>	<b>ULINKpro Isolation Adapter</b> (Provides electrical isolation between the target system and ULINKpro)	200.00
<b>5V-ADPT</b>	<b>ULINKpro 5V Adapter</b> (Enables ULINKpro to support 5volt only devices)	50.00

### Terms and Conditions

- **Updates** for products with valid software maintenance are available at [www.keil.com/update](http://www.keil.com/update).
- Price includes **Support & Maintenance** for 1 year from date of purchase. This may be renewed each year for 20% of the current product list price.
- **All Prices** exclude VAT, and other local sales taxes. Discounts are not available for any orders. General shipping cost €8.

Prices refer to **Single User** (Node locked) Licenses. **Floating Licenses** and **Time-Limited Licenses** are available, please contact Keil for information.

Software packages are shipped with download instructions. Delivery as PDF-Certificate is available on request. For Update, Upgrade, and Crossgrade prices, please contact Keil (your PSN will be required).
