Thank you, thank you! Beautiful crowd, the best people. I love you!

We are here today - not just to save America - but to SAVE AMERICAN COKE!

Look folks, they want to ruin it. They want to take your sweet, freedom-loving, corn-fed High-Fructose Coke and replace it with some kind of leftist, socialist, organic cane sugar garbage - probably from Venezuela or some shady part of Mexico.

They call it "Mexican Coke." Disgusting. We're going to call it what it really is - Soda Invasion!

And these woke companies, folks - they want to import feelings into your cola! That's right. They say, "Cane sugar is more natural." More natural? You know what else is natural? Communism. Mosquitos. Bedbugs. All natural. Not on my watch!

I had a Coke the other day. Greatest Coke ever. So American. It had HFCS. That's High Freedom Corn Syrup. That's right. HIGH FREEDOM.

You know what else uses corn? Ethanol. Gasoline. Popcorn. All the great American inventions. If George Washington were alive, he'd be drinking HFCS Coke with a bald eagle on the can.

And look, folks - let's talk science. Some loser scientist said Coke can dissolve copper. So what? It's called cleaning power. It's versatile! Can Mexican Coke do that? I don't think so!

So when I'm back in the White House - on Day One - we're going to pass the Real American

Beverage Act. It will:

- Ban foreign sugar in American soda
- Fund Freedom Cola Projects in every state
- Give every citizen a red hat and a 2-liter bottle of original HFCS Coke

And if the woke FDA tries to stop me?

I'll replace it with the FD-Great.

Together, we will...

**MAKE COKE GREAT AGAIN!**

**THANK YOU AMERICA!**
